

Setting the Standard for Resinous Floors and Coating Solutions

KEY MORTAR SLT-HP

KEY MORTAR SLT flooring is a seamless, 1/8" slurry broadcast flooring system. This system provides high impact & wear resistance, ease of maintenance, a safe non-skid texture, and chemical resistance throughout.

KEY ADVANTAGES

- Excellent wear and abrasion resistance
 - Easy to clean surface
- Chemically resistant urethane topcoat
 - Ultraviolet (UV) stable
